

Protect your waters from the **GREEN MONSTER**

GIANT SALVINIA – exotic plant that can:

- Clog waterways
- Foul boats and engines
- Eliminate recreational activities
- Cover the surface of the water harming fish and wildlife

LOOK OUT FOR THIS INVADER

- Report new infestations to the proper authority

HELP PREVENT THE SPREAD – protect your waters:

- Remove all plants from your boat, trailer, prop, tackle, decoys, live wells, any place that giant salvinia could potentially hide before launching in another waterbody.

SPREAD THE WORD

- Let others know about the dangers and how they can help.

For more information on giant salvinia and other aquatic invasive species please contact Louisiana Department of Wildlife and Fisheries (225) 765-2328 or www.wlf.louisiana.gov
